FOREWORD

VIN WELL again present you with the latest list. we wish to thank each and every one that has made 1940 still better than any year we have enjoyed. We are growing steadily and we feel that if better values were obtainable elsewhere—this would not be possible. Fully 75% of our 1940 business was from former customers—hence—once a customer of Vin Well—always a customer. We do not hope to meet some of the ruinous prices quoted by some growers. We do quote prices consistent to good growing conditions and fair trade and our guarantee of SATISFACTION—is still the motto.

In the ensuing list you will find—probably—a lot of your old favorites missing. We still grow about 250 varieties but space and quantity do not permit listing all of them. If you want something you do not see—please write. We may have it and we will make you a good price. We also have a great many of the newer varieties to scant in quantity to list.
